Vehicle Compatibility Notes

This product does not charge:

- iPhone 3G™
- iPod nano™ (4th Generation)
- iPod touch™ (2nd Generation)

These models require the purchase of an iSimple™, IS710 "Re:Volt" Charging Adapter (sold separately)

Compatible with REC, RAQ and RAK radio models. Not compatible with REF radio models. The model number is indicated on the face of the radio.

If the vehicle is equipped with a rear seat entertainment system (RSE), it must be disconnected. The audio from the RSE will no longer play through the factory radio*, but the video and wireless headphones will still function normally.

RSE does NOT operate in retained accessory power (RAP) mode. The radio will automatically switch from the iPAC-CHY to tuner mode during RAP.
