2008-2010 Ford Escape Non-Navigation
 2009 Ford Flex Non-Navigation
 2009-2010 Ford F-150 Non-Navigation
 2008-2010 Ford Focus
 2010 Ford Fusion Non-Navigation

2010 Ford Mustang Non-Navigation
 2008-2010 Mercury Mariner Non-Navigation
 2010 Mercury Milan
 2009 Lincoln MKS Non-Navigation
 2010 Lincoln MKZ Non-Navigation

Vehicle Compatibility Notes

Radios that are equipped with an internal satellite tuner DO NOT support an auxiliary input or satellite radio through the uPAC-FRD24. The factory auxiliary input & satellite radio will be retained but you CAN NOT add these features with the uPAC-FRD24.

In 2009 Ford changed the radios in the following vehicles halfway through the year from having an external satellite radio tuner to having an internal satellite radio tuner. These vehicles will not be able to support an Auxiliary input or Satellite radio through the uPAC-FRD24:

Ford Focus Ford Escape Mercury Mariner

Non-navigation radios must have an "AUX," "Sirius" or "SAT" button to be compatible.
